

PERSON A

extraction method

manual

automated

extract volume:

[µl]

2nd extraction method (if applicable)

manual

automated

2nd extract volume (if applicable):

[µl]

DNA quantification technique

photometry

Nanodrop

Other:

fluorimetry

PicoGreen

Hoechst 33342

Other:

real time PCR

self developed

kit based

DNA concentration:

[ng/µl]

2nd DNA concentration (if applicable):

[ng/µl]

Remarks:

PERSON B

extraction method

manual

automated

extract volume:

[µl]

2nd extraction method (if applicable)

manual

automated

2nd extract volume (if applicable):

[µl]

DNA quantification technique

photometry

Nanodrop

Other:
